Rate your classmates' homepages on the following criteria:

Criteria	Very Poor	Poor	Good	Very Good	Excellent
1. Homepage					X
2. Functionality					X
3. Navigation					X
4. Information Organization & Representation					X
5. Interface Design (Layout)				X	
6. Overall IA Design				X	
7. Professionalism: professional appearance completeness of assignment promptness in completing assignment free of grammatical/mechanical errors followed instructions				X	

8. Provide specific and detailed support for your ratings (e.g., by referencing key IA concepts and principles). Your comments must be substantive, critical and constructive to get full points for this assignment (60 words at least).

I think this peer assignment is very good overall. The design of the website, the layout, navigation and the professionalism is excellence. I would say that the peer does need to add some spaces when writing their annotations because it is hard to read a little. Also, there would be some changes but the concept "Less is More" is applied here
